The Metamorphosis

Since its inception, Dr. Hedgewar Hospital (DHH) was a humble journey in the field of social healthcare. In the very beginning we cocooned ourselves in the small scale but multidimensional project based activities. In our 10th year of service, now is the time when this hospital is metamorphosed into its next advanced stage.

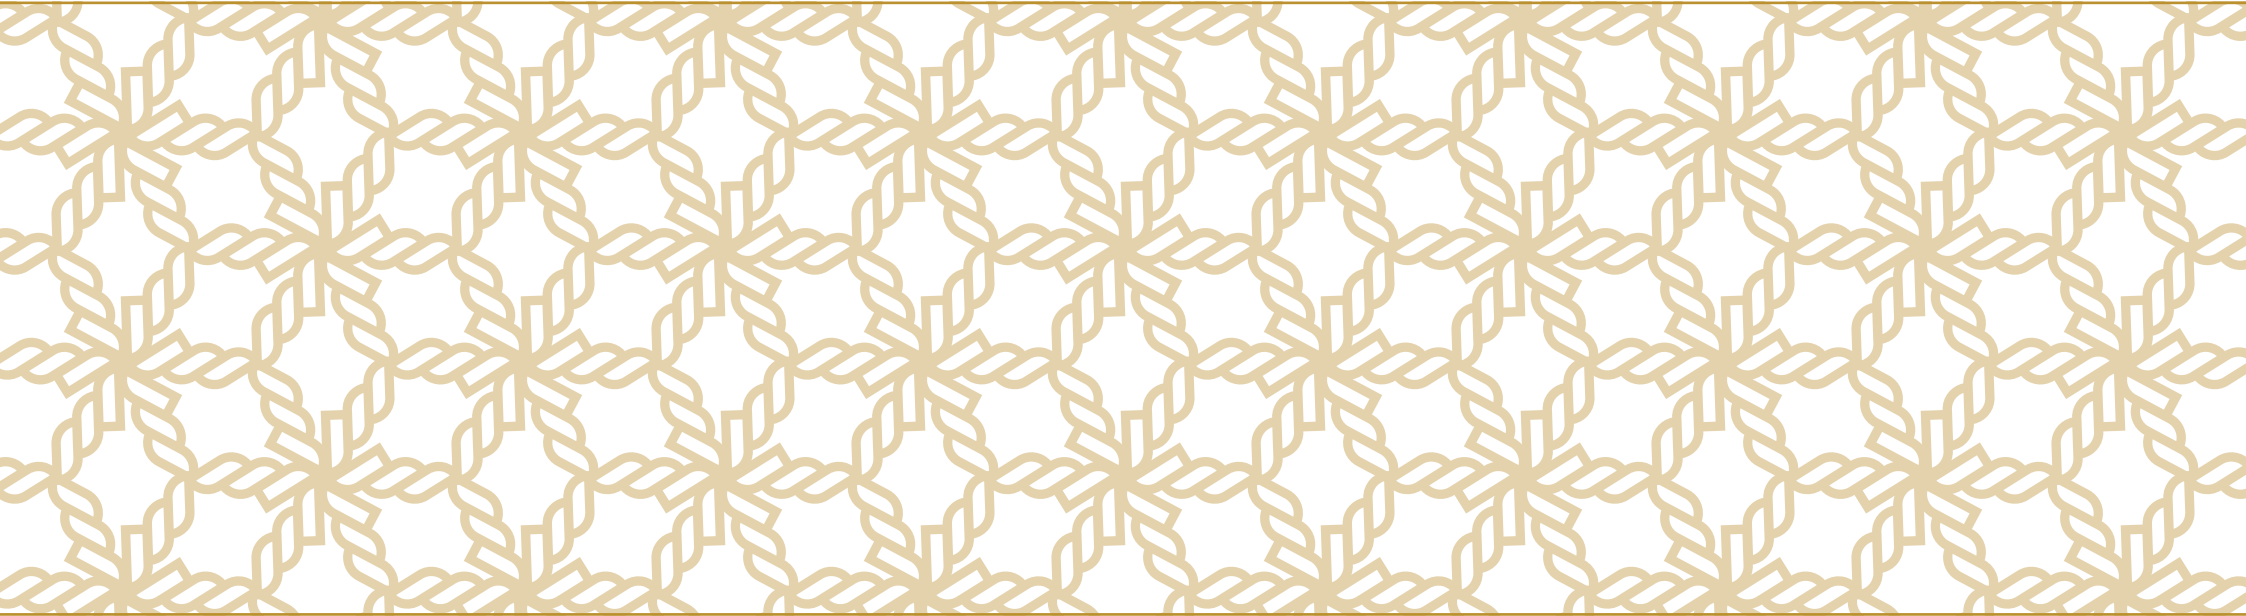

The cover page design signifies the butterfly which nurtures on the flower in a similar way DHH is groomed by Jankalyan Seva Sanstha. It is metaphorical connection we share in common to nature's ecosystem.

President's Message

Jan Kalyan Seva Sanstha's flagship initiative - Dr. Hedgewar Hospital has entered in the 10th year of its establishment. As the acting President, I am grateful to the former president Shri. Ghanshyamji Kakraniya and his team who provided a strong foundation to Jan Kalyan Seva Sanstha with utmost efforts.

With the help of the Bharani family, in a very short time, Dr. Hedgewar Hospital & Bharani Memorial Critical Care Unit was established and a new milestone is achieved.

Today Jan Kalyan Seva Sanstha is serving with excellence in healthcare while successfully running its 3 initiatives. In the coming year, we aim to install the facility of Endoscopy Unit and CT Scan.

'We Dare To Dream Big & Strive To Achieve'

It is the dream of all of us at jan kalyan seva sanstha to have a 300+ beds multispeciality charitable hospital and multifaceted state of art medical services.

Mr. Ajay Shroff
President

Jankalyan
Seva Sanstha

We are an authoritative healthcare NGO working in the field for more than a decade to look after enhancing the ease, reach and transparency of the existing healthcare system, fledgling community of doctors and healthcare workers.

Change & Progress

Jankalyan Seva Sanstha {JSS} started as a conservator of equality in healthcare. Challenge was to run a non profit organization that delivers excellence in healthcare to the common people of Amravati and nearby villages. JSS today has turned into torch bearer authority in the non profit healthcare delivery system through its 3 initiatives - Dr. Hedgewar Hospital, Samvedana Outreach Programs & Niramay Wellness. The name is spread to corners of Western Vidarbha for ethics and excellence in healthcare. We are celebrating this achievement with a new identity.

Flame of Wellness

The core element of our new logo is the flame of wellness that will spread like wildfire hereafter.

**Jankalyan
Seva Sanstha**

JSS logo represents a flower with its six petals, each one is bound like a DNA to one another. The network so formed represents the social thread of seva. Also the complete JSS logo system is inspired by nature's ecosystem like DHH logo is a butterfly and JSS logo is a flower.

THREAD OF SEVA

Healthcare has been a comfortable experience after my introduction to DHH. Leaving away from my children, DHH is the only place I trust. Each concerned person here was caring professionally and has a great sense of patient's well-being.

The sense of belongingness I felt during my sickness was unparalleled.

Mrs. Sindhutai Bhujal
Saturna, Amravati

TRUST

We are the Multi Speciality Charitable Hospital in Western Vidarbha offering state of the art medical systems with expert doctors, while setting benchmarks of trust and ethics in the health sector.

Our hospital has picked up the momentum like a flywheel. We are now recognised as Dr. Hedgewar Hospital. Thus keeping it as our brand name in our journey here onwards. The butterfly logo symbolizes the metamorphic advancement.

This uniform identity across all hospital units helps us to build the sense of belongingness to the moto of 'equality for quality' healthcare in our teams.

DHH

I had been receiving treatment from DHH for the last 6 months for my pregnancy. Doctor informed me that I will go through cesarean surgery and everyone got worried but the doctor's counseling relieved us. Everyone helped me with all possible instructions about care for a newborn, even the cleaning staff lady here helped me with the same.

I thank all the hospital staff for the beautiful experience of motherhood.

Capacity Building Initiatives

We cannot increase the number of wood logs to be cut everyday with the same axe but we can surely sharpen the axe and practice new techniques of cutting. Thus adding the expertise and edge over resourcefulness is our superpower.

Our Capacity Building Activities are focused towards bringing the expert edge to our team, to deliver a class apart experience of charitable multispeciality healthcare.

POOR PATIENT FUND

Due to the exorbitant cost of the healthcare, the underprivileged section of the society always keeps health as the last priority. As a registered charitable multispeciality hospital, we keep separate fund for indigent patients. Addition to this fund our donations can also be directed to be used for this purpose.

NIRAMAY
WELLNESS

A photograph of a middle-aged man with dark, curly hair and a mustache, wearing a light-colored striped shirt. He is standing in a dirt road in a village. In the background, there are several cows, a black dog, and some simple houses. The scene is outdoors with trees and a clear sky.

I had a leg injury. I was worried about the overhead of treatment and unavailability of a nearby hospital. But the Samvedana Outreach Program has provided me a big relief. I was treated well here in my own village which saved my time, money, daily wages and traveling hassels.

Now I am back to work with full recovery.
